Multimedia

Design systems, layouts and digital assets that hold up in a real portfolio.

Multimédia

NEXT COHORT	SCHEDULE	DURATION	SEATS LEFT
18 April 2026	Sunday 14:00–17:00	8 weeks	6

WHAT YOU WILL BUILD

- Apply layout, type and colour principles to a digital piece.
- Build a small multi-page project with a consistent system.
- Prepare assets for screen and social formats.
- Present a portfolio-ready case study.

SYLLABUS OUTLINE

01 Design foundations
Grid, type and hierarchy as decisions, not decoration.

02 Colour and image
Build a small visual system with colour, imagery and rules.

03 Layout studio
Compose pages with deliberate space, rhythm and reading order.

04 Digital production
Prepare assets for screen, print and social without losing quality.

05 Portfolio craft
Select and sequence work so the strongest idea lands first.

06 Final review
Present a case study, take critique and refine the final piece.

CAPSTONE & STUDENT OUTPUT

A portfolio case study

A multi-page case study documenting the brief, process and final work, ready to share with a client or school.

STUDENT OUTPUT
A multimedia portfolio, a campaign concept and a final critique.
